21st Century Skills: How Are We Preparing Our Children For the Future?

CRS Faculty Speakers

Thursday, January 26, 2012

CRS Dining Room 8:15–9:30 am

CRS Faculty will present a variety of ways that we are developing 21st Century Skills in our students, including the “Four Cs” (creativity, critical thinking, collaboration and communication). We will discuss how our thematic approach instills these skills in children and how we are using technology to enhance our curriculum. This program will be relevant to all parents, whether your children are in PreK or 8th grade. We hope you can join us!
