

7th Grade Summer Reading Assignment

Each student must read the following **two books**:

1. Their **Middle School Summer Book Club selection**. Returning students have already selected a book; incoming students should choose one book from the list. The goal of this Middle School Book Club is to enjoy reading a story with diverse characters and exciting plotlines that will spark lively discussions in cross-grade groups. Each student is responsible for borrowing or purchasing their own audio or hard copy of their chosen book. There is no required assignment. Book groups will meet to discuss opinions, favorite scenes and characters within the first few weeks of school.
2. ***Starfish*** by Lisa Fipps. Please annotate wonderings, favorite passages and/or questions that spark your curiosity as you read. This book must be completed and brought to school by September 11 for English class.

In addition to the titles above, we hope that students will read a variety of books that represent several different genres throughout the summer.

We look forward to seeing you in September!

Happy Reading,

The Middle School Team
